OBJECTIVE

A Software Developer who is seeking to find the opportunity to work in a challenging position where I can effectively contribute my skills as a Technocrat possessing competent technical skills. I can utilize and enhance my skills to meet the organization's requirements along with my career growth.

EXPERIENCE

Software Developer
CEDCOSS Technologies

October 2024 – Current
Lucknow, India

- Proactively participate in daily stand-up meetings to share task updates, contribute to project progress and actively engage in brainstorming and troubleshooting sessions.
- Innovative in designing and developing robust back-end RESTful APIs, ensuring seamless integration with front-end applications and third-party services to provide a cohesive and optimal user experience.
- Resolving client issues, implementing changes, and addressing new requirements to ensure seamless functionality and client satisfaction.

Associate Engineer
Harman Connected Services

March 2022 - May 2023
Gurgaon, India

- Proficient in creating and monitoring Power BI reports and validating them against SQL queries to ensure data accuracy.
- Skilled in developing SQL queries for efficient data retrieval, manipulation, and reporting.
- Designed and monitored ETL pipelines to load data into Azure SQL database and resolved issues to maintain smooth data flow.

EDUCATION

United College Of Engineering and Management
B.Tech in Computer Science and Engineering, CGPA: 8.8/10

Prayagraj, Uttar Pradesh, India
2018-2022

TECHNICAL SKILLS

Database	MS SQL Server, MySQL
Technology	Postman, VS Code, Azure, HubSpot CRM

PROJECTS

MakeWebBetter Connect ([View](#))

- Designing and implementing connectors to facilitate data synchronization between two platforms.
- Collaborating with QA teams to design and execute test cases, reducing post-deployment issues.
- Implement back-end RESTful APIs, develop a notification module, workflows, and troubleshoot and resolve bugs and technical issues to ensure system functionality and performance.

ShrinkLink: URL Shortener Chrome Extension ([View](#))

- Developed a Chrome extension using HTML, CSS, JavaScript, and Bootstrap, allowing users to shorten URLs quickly and copy them easily, enhancing overall productivity.

- Designed and integrated REST API endpoints with Node.js, Express.js, and MongoDB for efficient back-end data management and seamless extension functionality.

CERTIFICATION

- Microsoft Certified on Azure Fundamentals (AZ-900)
- Microsoft Certified on Azure Data Fundamentals (DP-900)
- Certification Course on Python Programming from IIT, Kanpur.
